ABOUT THE COMPANY

Since 1980, Groves Incorporated has been a leader in storage and transportation systems. After pioneering the open-air turnout storage system to support the fire and safety industry, Groves Incorporated expanded its Ready Rack® product line to include storage racks, cleaning and drying equipment, hose, and SCBA storage. We take pride in providing the highest quality products to meet the demanding needs of our customers.

In the Fire and Safety industry, many of our distributors are firefighters who often work as expert sales consultants for our Ready Rack® and Red Rack™ products. Our business plan allows these heroes to earn extra income for their families while providing our customers with real hands-on product knowledge.

Located in Woodstock, Illinois, Groves Incorporated designs, engineers, assembles, and warehouses our products. Both domestically and abroad, our products are manufactured to strict quality standards by fully vetted manufacturing companies. We are committed to providing the highest quality products at competitive prices, while constantly looking for opportunities to better solve our customer's needs.

ADDITIONAL INFORMATION

Orders: All orders ship F.O.B Woodstock, IL unless otherwise noted at the time of purchase. \$30.00 pallet charge applies for all orders shipping via common carrier when a pallet is required. Standard lead time is 5-7 days from receipt of order. ***Custom Colors:** Some products available in custom colors. Extended lead times and additional charges may apply. **Warranty:** Red and Ready Rack® products come with a limited 5 year warranty. Additional product warranties may apply. Request warranty documents for more info. **Canadian Surcharge:** Washers and dryers are subject to surcharges if shipping to Canada. Please call for more information. **Other:** Architect specs and custom quotes are available upon request. Please call for additional options and information.

THE RED RACK™ ADVANTAGE

- Built in 18", 20" and 24" wide sections
 - Available in wall mounted, mobile and freestanding units
 - Made of heavy-duty steel with a red powder coated finish
 - Built with a tubular steel design
 - Security option available for all units
 - Custom colors available upon request*
- Each compartment comes complete with:
 - (1) Adjustable boot shelf
 - (1) Adjustable helmet shelf
 - (1) Hanging pole - length of compartment
 - (2) Apparel hooks per locker unit
 - (1) Name plate per locker unit

STRONGER & SAFER

Built with individual 1.25" square tubular frames to stand up to the demanding fire fighting environment.

ORGANIZED & CUSTOMIZABLE

Keeps your gear organized. Custom applications available if special sizing is required.

DEPARTMENT & DESIGN FRIENDLY

Open back design allows for easy wall access and use of outlets. No electrician or wiring required.

HEAVY DUTY - TIME TESTED

Powder coating will not fade or chalk under UV light conditions and stands up to a 184 hr. salt spray test.

USER FRIENDLY

Complete with safety and assembly instructions making it easy to install and maintain.

WE STAND BEHIND OUR PRODUCTS

Our units come complete with a five year limited warranty on manufacturer defect.

WALL MOUNTED RED RACK™

LENGTH x 20" D x 72" H

- Can be ordered in any run length thanks to our exclusive modular design!

** Security option includes top security shelf & lockable door.
Security back panel can be ordered upon request but not required for wall units.*
